# Planadas, Tolima

Regional Specialty Coffee

## Region

The Planadas municipality is located in the southwest region of the Tolima Department, near the Central Mountain Range, where high mountains blend with the various shades of green of its forests and crops. Its agricultural wealth includes beans and particularly coffee, which thanks to the favorable environmental conditions, the characteristics of the soil enriched by the volcanic ash of the Los Nevados natural park, and the careful processing techniques employed by the coffee growers of the region, make this coffee bean of great renown, due to its excellent quality.

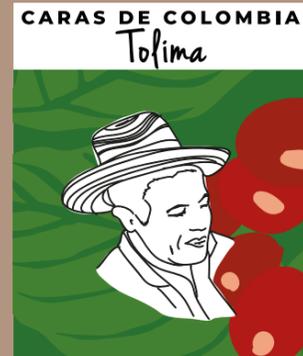

Thanks to this, coffee has contributed greatly to the social development in the times of peace that the municipality and the Department are now enjoying.
